

Understanding and Communicating with the Control Tower

Michelle will talk to us about being able to properly communicate with the control tower with confidence and she will discuss proper airport protocol. The presentation will be open to questions and discussion during and afterward. Also, she wants to take a look at the installation and use of the ADSB systems in aircraft. Do you like it? Is it working for you?

Directions: East, take Exit 291B(Pines). Go left (south) to Sprague Ave, turn right (west) and proceed to the University City Shopping Center (just as Sprague becomes a one-way). Darcy's and the shopping center are on the left.

From the west, take I-90 to Exit 289 (Pines). Go right (south) to Sprague Ave, turn right (west) and proceed to the University City Shopping Center (just as Sprague becomes a one-way). Darcy's and the shopping center are on the left.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
